

### Altitude Limit Waiver

This document is to certify MAAC has **approved** a request for RPAS operation above 700' Above Ground Level at:

**Name:** Stetson Flyers Model Club

**MAAC/Club ID #** 97

**Zone:** G

**Flying site location:** 45° 20' 03.9" N 75° 25' 16.3" W

**Mandatory Conditions:**

**In addition to following all MAAC, Club and local rules:**

All RPAS **must remain below 1200' Above Ground Level** and within a 1000 meter radius from the above flying site location coordinates.

**Recommendations:**

No flying be permitted above 700' AGL unless a dedicated person has been assigned the sole responsibility of observing the surrounding airspace and advising of any approaching full-scale aircraft.

**Allowed time and dates:** No restrictions

**Expiry date of authorization:** Permission expires on Club membership renewal date.
