

Altitude Limit Waiver

This document is to certify MAAC has **approved** a request for RPAS operation above 700' Above Ground Level at:

Name: Arnprior Radio Control Club

MAAC/Club ID # 260

Zone: G

Flying site location: 45° 27' 03.3"N, 76° 15' 12.8"W

Mandatory Conditions:

In addition to following all MAAC, Club and local rules:

All RPAS **must remain below 2000' Above Ground Level** and within a 0.5 nm radius from the above flying site location coordinates.

Recommendations:

No flying be permitted above 700' AGL unless a dedicated person has been assigned the sole responsibility of observing the surrounding airspace and advising of any approaching full-scale aircraft.

Allowed time and dates: No restrictions

Expiry date of authorization: Permission expires with club membership renewal.

President, MAAC

Date: June 27 2022
