

High Country Flyers Logan Lake Flying Site Rules

1. All Pilots using the field must have a current MAAC membership and must be a current High Country Flyer member.
2. **MAAC Safety Rules must be followed.**
3. Engine size limitation – Nothing larger than 1.20 Glow or 20cc Gas may be used on this field.
4. There is a **No Fly Zone** beyond flagged line located between the south end of the runway and the fence to the parking lot.
 - This line is clearly marked by three flagged markers.
5. The gravel road located directly across from the pilot stations is a **NO FLY ZONE.**
6. **Under no circumstances will model aircraft of any nature be flown or operated when there are horses on the field.**
7. No vehicles are permitted inside the fenced field area;
 - Vehicles must be parked in the parking lot located between the Flying Field and Baseball Diamond.
8. **Important!** Gate must be locked when the field is vacated. Those using the pedestrian gate should walk close to the fence on their left (west side) until reaching the Pits and Observation area.
9. HCF has agreed to use the Field, only Friday, Saturday and Sunday of each week. The other four days of the week may be used for **grazing horses only**
10. Limited dry camping is permitted for HCF members in the parking lot area **only** for the days that HCF is authorized to use the field.

We welcome you, enjoy your flying - please leave the site as you found it.
