

Fredericton Model Aircraft Club - Flying Site Guidelines – Mactaquac Causeway

Site Guidelines

Be advised that this site is a public shared space. Please be courteous and respect others' use of the area.

1. All flyers must be current MAAC members.
2. Flyers must be FMAC members, in good standing or invited guest.
3. All 72MHz and FPV flyers must place a pin on the relevant frequency board before turning their transmitters on and must remove the pin after turning their transmitters off.
4. Any generators must be located downwind from the pits.
5. Vehicles shall be parked in established parking areas.
6. Members are responsible for any children in their care and should ensure they are in a safe place and properly supervised.
7. Animals brought to the field by spectators or members must always be restrained.
