

Rules for Skyrangers Model Flyers Frolek Field

- All pilots must abide by the current safety rules and regulations of MAAC and the club.
- No flying over or behind the pit area or parking lot. Current height restriction for flying must be observed.
- Only two people allowed at pilots station – pilot and spotter.
- Only two people are allowed to fly at any given time.
- All spectators and visitors are to be in the spectator area under the 12' X 20' canopy. No spectators or visitors in the pit area.
- All vehicles are to use the roadway and parking lot only. If you lose your plane or crash, you must walk to retrieve your plane.
- No fires allowed. ABC fire extinguisher is located on post in the pit and the CO2 extinguisher is hung on the shed. Five gallons of water is also located by the shed.
- Please close all gates when you leave the field including all three gates in the pit area.
- Please sign in at the field when you leave. Guests must be with a member to fly.
- All flyers must have current required documentation.
- No flying allowed beyond the flight line toward the pit area. If maneuver to be done past the flight line you must alert any other flyers before doing so, i.e. Touch and goes. Dead stick landings take priority and all landings should clear the area immediately.
- The following are prohibited – open fires, discharge of firearms, pyrotechnics, alcohol or drugs. No flying allowed if under the influence of drugs or alcohol.
- Before flying, a radio check must be completed. All engine run ups should be using the holddowns or performed outside the pit area. Maintenance manuals and flying logs must be completed as per MAAC requirements.
- Do not stand in line of the prop of a running engine or allow anyone else to do so. That constitutes a danger.
- Announce takeoffs, landings and dead sticks so others are aware and can clear the area. No taxiing to the pit area.
- Notify all other pilots if you need to walk onto or cross the runway.
