

Site Operating Certificate

This certifies that MAAC has reauthorized **OTTAWA RC CLUB [Club 94, Zone G]**

To operate the following categories of models: **RPAS, and Control Line**

At or from the following location: **ORCC - OTTAWA REMOTE CONTROL CLUB** (Land based RC on private land) – within 0.3 nm of **45° 12' 30.7" N, 75° 43' 31.4" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines as information only:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the flying area is laterally within 500 meters of Ottawa class C controlled airspace (CYOW), clear procedures in the event of a lateral fly away towards CYOW airspace should be included in club rules and the contact information for Air Traffic Control should be prominently displayed at the site. (CAR 901.15)

RPAS operation in controlled airspace requires meeting all Advanced RPAS requirements and NAV CANADA authorization. (CAR 901.14) CAR compliance remains an individual's responsibility.

This authorization is valid until the OTTAWA RC CLUB [Club 94, Zone G] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
