

Site Operating Certificate

This certifies that MAAC has reauthorized **VALLEY MODEL AERONAUTICS CLUB [Club 46, Zone A]**

To operate the following categories of models: **RPAS**

At or from the following location: **VALLEY MODEL AERONAUTICS FLYING FIELD** (Land based RC on private land) – within 0.5 nm of **53° 19' 3.9" N, 114° 58' 24.9" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines as information only:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the pilot stations are located laterally 3.15 nm north of an aerodrome (Drayton Valley Industrial – CER3), the club rules should contain aerodrome location information and any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)). CAR compliance remains an individual's responsibility.

This authorization is valid until the VALLEY MODEL AERONAUTICS CLUB [Club 46, Zone A] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
