

Site Operating Certificate

This certifies that MAAC has reauthorized **CLUB ESCADRON DU RICHELIEU INC [Club 490, Zone J]**

To operate the following categories of models: **RPAS, Control Line, Free Flight, Space Models, and Surface Models**

At or from the following location: **CLUB ESCADRON DU RICHELIEU** (Land based RC on private land) – within 0.5 nm of **46° 0' 40" N, 73° 6' 11.5" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines as information only:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the pilot stations are laterally within 0.6 nm of restricted Airspace (CYR670 – Sorel Qc), clear procedures in the event of a lateral fly away towards CYR670 airspace should be included in club rules and the contact information for Controlling agency should be prominently displayed at the site. (CAR 901.15)

As the pilot stations are located laterally 3.16nm northwest of an aerodrome (Sorel – CSY3), the club rules should contain aerodrome location information and any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)). CAR compliance remains an individual's responsibility.

This authorization is valid until the CLUB ESCADRON DU RICHELIEU INC [Club 490, Zone J] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
