

This certifies that MAAC has reauthorized **SOUTH WEST FLYERS [Club 418, Zone B]**

To operate the following categories of models: **RPAS**

At or from the following location: **ROLAND BOURQUE FIELD** (Land based RC on municipal land (i.e. parks, etc.)) – within 0.5 nm of **43° 54' 38.1" N, 66° 2' 22" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines as information only:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the pilot stations are located laterally 3.02nm northeast of an aerodrome (Doctors Lake East – CDL5) and 3.14nm northeast of an aerodrome (Doctors Lake West – CDL6), the club rules should contain aerodrome location information and any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)).

As the pilot stations are laterally within 0.4nm of Yarmouth class E controlled airspace (CYQI), clear procedures in the event of a lateral fly away towards CYQI airspace should be included in club rules and the contact information for Air Traffic Control should be prominently displayed at the site. (CAR 901.15)

RPAS operation in controlled airspace requires meeting all Advanced RPAS requirements and NAV CANADA authorization (CAR 901.14).

CAR compliance remains an individual's responsibility.

Any changes to the site, site rules or procedures upon which this authorization was issued, must be sent to MAAC.

This authorization is valid until the SOUTH WEST FLYERS [Club 418, Zone B] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
