

This certifies that MAAC has reauthorized **KINGSTON RC MODELLERS [Club 92, Zone G]**

To operate the following categories of models: **RPAS and Control Line**

At or from the following location: **FIELD - 10 KM NORTH OF ODESSA** (Land based RC on private land) – within 0.5 nm of **44° 19' 56.3" N, 76° 47' 22.0" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines as information only:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the pilot stations are located within 3nm of an aerodrome (Camden East (CCE6 – 0.41nm) south) the club rules must comply with MAAC policy and procedure documents and should contain any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)).

CAR compliance remains an individual's responsibility.

Any changes to club rules or procedures upon which this authorization was issued, must be sent to MAAC.

This authorization is valid until the KINGSTON RC MODELLERS [Club 92, Zone G] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
