

This certifies that MAAC has reauthorized **STETTLER AEROMODELLERS [Club 464, Zone A]**

To operate the following categories of models: **RPAS**

At or from the following location: **STETTLER LANDFILL AREA** (Land based RC on municipal land (i.e. parks, etc.)) – within 0.5 nm of **52° 20' 8.10" N, 112° 40' 39.70" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines:

This site requires all RPAS pilots to meet Basic RPAS requirements.

As the pilot stations are located within 3nm of an aerodrome (Stettler (Hospital and Care center (CLH2) 1.89nm southwest), the club rules must comply with MAAC policy and procedure documents and should contain any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)). The club may also include Stettler aerodrome (CEJ3) located 3.19nm southwest in any procedures.

CAR compliance remains an individual's responsibility.

Any changes to club rules or procedures upon which this authorization was issued must be sent to MAAC.

This authorization is valid until the STETTLER AEROMODELLERS [Club 464, Zone A] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
