

## Site Operating Certificate

This certifies that MAAC has reauthorized **SCUGOG FLOAT FLYERS [Club 660, Zone L]**

To operate the following categories of models: **RPAS**

At or from the following location: **LAKE SCUGOG** (Water based on municipal land (i.e. parks, etc.)) – within 0.5 nm of **44° 6' 13" N, 78° 56' 14" W**

**This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines:**

This site requires all RPAS pilots to meet **Advanced** RPAS requirements.

Per CAR 901.47(2), as the pilot stations are located within 1nm of a **certified Heliport** (Port Perry (Lakeridge Health) (CPX6 Heliport CERT) 0.77nm west), the club rules must comply with MAAC policy and procedure documents and must contain any additional procedures the Club deems appropriate to meet CAR 901.73 and the guidance contained in TP 14371, RPA Section 3.2.35 and 3.4.5, and which otherwise permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)).

CAR compliance remains an individual's responsibility.

Any changes to club rules or procedures upon which this authorization was issued must be sent to MAAC.

**This authorization is valid until the SCUGOG FLOAT FLYERS [Club 660, Zone L] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.**

President, MAAC
