Conditions for use - All persons using this modelling site must:

1. Be MAAC members in good standing, or be under the instruction of a member for training/introductory flight purposes.
2. Wear indoor, non marking, shoes only.
3. Agree to follow the MAAC Safety code and all other site rules.
4. Flying shall take place from the designated pilot areas.

These rules can be found in the binder with the event organizer.

Orillia Aero Modelers Indoor Site Rules

This site allows the following modelling categories:

mRPAS, RPAS, Free flight, surface vehicles (as long as they are operated in such a manner as to not damage the floor.)

For members operating the above mentioned at this site:

1. All pre-flight inspections or assembly shall be done in the designated areas.
2. Batteries shall not be connected to electric powered models unless the model is restrained in the start-up area, or the propulsion system deactivated/de-armed or otherwise inoperative – no exceptions.
3. The direction of modelling/take-off landing, and traffic pattern will be determined by the event director.

4. Recovery of RPA that land/crash in the modelling/flying area will be done in agreement with all other modellers/pilots flying. Do not fly/operate a model directly over/near other persons recovering a model.
5. Airplanes shall be limited to 500grams. Helicopters shall be limited to 400mm rotor diameter.
6. Battery chargers shall not be left unattended while in use.
7. MAAC “spotters” are optional at our site. The following are site procedures for ensuring bystander:
 - a. Spectators must remain in the designated by the event director.
 - b. When any member or other person spots a bystander that might come into the modelling area unsafely, they are to yell out “BYSTANDER” in a loud voice.
 - c. ALL modellers must immediately stop modelling activities in that area and if possible, land/return to the pit area as soon as safely able.
 - d. When the bystander’s safety is no longer a threat, the person who gave the warning shall yell “ALL CLEAR”, or the modellers/pilots may make that determination themselves, and resume model flying.

Emergency or safety procedures

8. If there is any type of near miss or safety concern between a model and a bystander, ALL modelling SHALL cease immediately. The members involved should fill out a MAAC reportable occurrence report and submit that to MAAC and the event organizer and club president as well as follow MAAC policy with the following exceptions:
 - a. If the member(s) involved believe the risk was very minimal, they may complete their own self declaration or risk assessment using the MAAC form, and resume modelling.
 - b. If the member or Club event organizer deems the event serious, modelling will not resume until members are given permission by the club event organizer – in writing. A copy will also be given to the club president.
 - c. If there is actual contact between a model and a bystander – all modelling will cease until MAAC confirms we may resume operations.
 - d. This process is for your protection.
9. In the event of an emergency, phone 911. The civic address for first responder is 381 Birch St, Orillia, ON L3V 2P5.

For location of emergency exits, fire alarms and defibrillator please see attached diagram.

10. There are no other risk mitigating strategies required at Twin Lakes Secondary School.
11. The Club Event organizer and executive will review these rules at least once a year.
