A Follow-me car will be available at all times, under any circumstances, upon a pilot's request. This service is available for one aircraft at a time based on first come, first served principles; some exceptions may apply.

During RVOP conditions, run-ups and towing will not be authorized on the maneuvering areas. Furthermore, vehicle access to the maneuver area during reduced visibility operations is restricted to essential operational functions only.

Operation Terms

20 minutes prior to a flight's departure or arrival, the pilot shall contact Nav Canada's ground controller to request a "Follow-me" car escort for taxiing on the manoeuvring area.

The pilot shall provide the following information:

- Exact position on the airfield (gate or FBO);

The "Follow-me" car will position itself 30m in front of the aircraft. Hazard lights will be activated when ready for taxiing and for the duration of the escort procedure.

Upon receiving authorization to proceed, the "Follow-me" car will follow the guide lines at no more than 30kph (16 knots) up to the desired destination.

Night Only: When reported visibility is less than RVR 1800 or 3/8 SM, a "Follow-me" car is mandatory per advisory circular AC 302-004.
