

This certifies that MAAC has reauthorized **PORTAGE PLANES RADIO CONTROL CLUB [Club 486, Zone D]**

To operate the following categories of models: **mRPAS, RPAS, Control Line, Free Flight, Space Models, and Surface Models**

At or from the following location: **GRABBER GREEN** (Land based RC on private land) – within 0.5 nm of **49° 54' 52.90" N, 98° 09' 39.4" W**

**This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines:**

This site is in Southport (CYPG) class D controlled airspace, and when Southport ceases to exercise control functions, NAV CANADA has declined control of the airspace. Therefore, **RPAS operation** at this MAAC site is permitted in accordance with the provisions of the written agreement with the Southport (CYPG) controlling agency as listed in the Designated Airspace Handbook. The SOC approved Club rules outline the processes.

This site has been approved for mRPAS (sub-250gram), RPAS, tethered, free flight, space model and surface model operation in accordance with the approved site rules.

All RPAS pilots must have an advanced RPAS Certificate, or otherwise be operating under the authority of another person as stipulated by Transport Canada or MAAC Policy.

CAR compliance remains an individual's responsibility.

Any changes to club rules or procedures upon which this authorization was issued must be sent to MAAC.

**This authorization is valid until the PORTAGE PLANES RADIO CONTROL CLUB [Club 486, Zone D] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.**
