

Site Operating Certificate

This certifies that MAAC has reauthorized **MINIATURE AIRCRAFT SOCIETY OF TRURO [Club 50, Zone B]**

To operate the following categories of models: **mRPAS and RPAS**

At or from the following location: **TRURO** (Land based RC on private land) – within 0.5 nm of **45° 22' 39.10" N, 63° 17' 38.00" W**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, and all MAAC, Club or event rules. MAAC provides the following guidelines:

This site requires all RPAS pilots to meet Basic RPAS requirements for RPAS operations below 400'AGL. RPAS pilots intending to operate above 400'AGL must have a valid and current Advanced RPAS Operators certificate or be operating under an appropriate authority issued by MAAC or Transport Canada.

As the pilot stations are located within 3nm of an aerodrome (Truro (Colchester Health Center) (CEH9 heliport CERT) 1.78nm south), the club rules must comply with MAAC policy and procedure documents and should contain any additional procedures the Club deems appropriate to permit RPAS operation in a manner that should not interfere with aircraft operating in the established traffic pattern (CAR 901.47(1)).

This site has been approved for RPAS operations to a **maximum altitude of 1700'AGL**, provided all conditions outlined in the MAAC approved club rules, MAAC policy and MAAC SFOC are met.

CAR compliance remains an individual's responsibility.

Any changes to club rules or procedures upon which this authorization was issued must be sent to MAAC.

This authorization is valid until the MINIATURE AIRCRAFT SOCIETY OF TRURO [Club 50, Zone B] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

Carl Layden

President, MAAC
