Oil Springs, Ont.

Normal operating procedures and Site safety rules

1. This event is a static display only. No model aircraft will be operated at this event.
2. There is no flying permitted at this site. The Club will only permit the static displays of inoperable model airplanes. The model is not allowed to be operated in any way.
3. No LiPo batteries are to be taken on site, including transmitter batteries.
4. Models on display will be unpowered, no batteries will be allowed on site. All fuel is to be removed from any fuel powered models.

Static Display Rules

Date Approved:

5. All power systems (gas, glow or electric) must be rendered inoperable. Any complete aircraft must have the propeller(s) removed. Propulsion batteries must be disconnected.
6. All models will be contained in a display out of reach of bystanders with club members in attendance. At no time will any model, electric or otherwise be powered up during the display.
7. Only club members will be allowed inside the designated KMAS display area.
8. No model aircraft will be allowed outside the designated display area.

Emergency or safety procedures

1. A suitable fire extinguisher must be available.
2. A small first aid kit must be available while models are displayed.

3. Emergency procedures:

Include what is appropriate for your site. The following are examples

- a. In the event of an emergency call 911
- b. Locations of emergency equipment (defibrillator, fire extinguishers etc.) and exits are posted in the building.

I have my personal Trailer, that has 2 fire extinguishers and a first aid kit.

There is a huge front door to let full size aircraft in the hanger, see attached picture.

This a square alluminul sided building.

4. There are no other risk mitigating strategies required at this modelling site.
5. These rules will be reviewed by the club annually or prior to the next display at this site.
