

2020 – 2021 Archives Committee Report

The committee continues to function in spite of the Covid-19 problems.

Due to the pandemic our head office has been closed for an extended period of time thus access to the archives has been closed. Hopefully in the near future this situation will change for the better.

This report is simply an update of the status as of August 2021.

We currently have 437 magazine titles and a total in excess of 18,000 copies of these magazines. In addition we have catalogued 932 book titles of which 383 relate to model aircraft while the remainder of 549 relate to full sized aircraft and events. There are now 92 manufacturer catalogues listed and 83 newsletters regarding clubs and societies. A total of 1090 model aircraft plans have been catalogued.

At this time the committee consists of the following members

- Fred Messacar
- Richard Barlow
- Scott Boutilier

Respectfully,

Fred Messacar
Committee Chairman
